Dear Religious School Parents,

It has been an exceptional semester of learning, creativity and fun for our students and we look forward to another outstanding year next year. While the snow is still melting, and classroom projects are in full-gear, we have already begun planning for the coming school year. This has been a year of great changes, and we hope that you have enjoyed the new look of our school.

Enclosed, you will find registration forms for your children for the 2009-10 academic year. **Please complete and return 1 form per child by March 31st in order to reserve a spot in classes.** Additionally, while we cannot guarantee that students will be placed in a class with their "buddy request," receiving the forms by March 31st will aid us in this process. **As always, you must be current with all financial obligations to New City Jewish Center (dues, school fees, and building fund) in order for your school registration to be complete.**

Please complete all information on the registration forms. It is vital that we have all families' emergency contact information as well as email addresses so that we can inform you of any time-sensitive information. We are making a concerted effort to "go green" and will continue to be sending out information electronically rather than through traditional paper fliers.

If you have any questions, please don't hesitate to contact us via email or in the Youth Community office at 638.9600 x.114. We look forward to a wonderful year ahead!

B'shalom,

Benjamin S. Lewis
Director of Formal & Informal Education
